[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO OCT. 24.

EASTERN STATES.

Dispatch from Milwaukee.

MILWAUKEE, October 22.—A meeting of the Relief Committee was held last evening to meet Governor Fairchild and Colonel Roberts of Green Bay. Col. Roberts stated that the fire extended on the peninsula over a tract 50 miles long by 12 wide. On the west side of the bay it was confined to Peshtigo and its vicinity. People of the peninsula are all gathered at Menominee on the east shore. The greatest suffering exists from 10 miles north of Green Bay to Little Sturgeon Bay. Gov. Fairchild said he had telegraphed to the Secretary of War asking him to issue 100 wagons, harnesses and 1,000 uniforms for the destitute people, and had received a favorable reply. Gen. Sheridan told him when our people had done all they could, he would issue rations and keep supplies on hand to draw from. Fifty thousand dollars would be raised here, twenty-five thousand in New York, and probably over ten thousand more would be on hand immediately for the relief of the suffering. Immense supplies of men's clothing have come forward. The great need now is for heavy clothing for women and children.

Bold Robbery.

CAIRO, Ill., October 22.—At Union City, Tenn., last night while passengers of the Middle Tennessee and Ohio Railroad were at supper, three men jumped on the engine and run the train two miles. Two others then entered the express car, overpowered the only man left in charge and robbed the safe of $4,000 and escaped.

Proceedings Against Ku Klux.

NEW YORK, October 22.—The *Herald's* special from Columbia, South Carolina, states that information has been received from the Committee of Spartansburg and Chester saying that great excitement prevails, owing to summary proceedings of the U. S. Marshal and troops. Forty-four citizens had been arrested and put in a jail already full of negroes. Several hundred citizens have deserted their homes in consequence of the wholesale arrests, and have sought refuge in the woods until an opportunity presents itself of seeking safety elsewhere. A reign of terror exists in that entire section of the State. Depredations are being committed on property of citizens by negroes and evil disposed persons. A fight is said to have taken place at Broad river between a band of Ku Klux and United States troops, and the conflict is said to have been severe. Reinforcements have been called for.

Col. Grosvenor's Funeral.

CHICAGO, October 22.—The funeral of Colonel Grosvenor took place to-day with Masonic rites. The attendance was large. The Coroner's jury was in session several hours to-day and examined a number of witnesses. The Captain of the Company to which Treat belonged, testified that he told his men that if obliged to shoot they should aim at the lower limbs as they did not want to kill anybody. The perpetrator of the deed evinces no compunction for it. He says he took deliberate aim at his victim and was merely obeying orders and thought he was only doing his duty.

The South Carolina Ku Klux.

WASHINGTON, October 21.—Advices received from South Carolina say that a Ku Klux party, 700 in number, surrounded to the United States Marshal. Up to Friday morning, seventy arrests had been made in the vicinity of that town. Arrests were made in several counties.

Attorney-General Ackerman is still with Col. Merrill.

A number of well-known citizens are missing, including Lyle, member of the Legislature, who is reported to be chief of the Ku Klux Klan for that District. Among those who have disappeared are two or three clergymen known for their strong rebel proclivities. Officers of the law are proceeding steadily with the work. Before the arrests are all made, they will show the existence of a deep and wide conspiracy against the State laws, and all will sustain them. Most of the Ku Klux refugees are known to have gone to Georgia, where order is quite strong.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, October 22.—The Republican primary election will be held in this city next Wednesday.

The Executive Committee for the Chicago Relief Fund will meet to-morrow (Wednesday) to provide for the distribution of funds between Chicago and Michigan.

The new steam saw mill of Wells, Russell & Co. will be in running order some time this week, and will give employment to about one hundred mechanics.

SAN FRANCISCO, October 23.—There is a large fleet off the Heads. The arriving vessels are the ship *Templar*, 196 days from New York, merchandise to Geo. Howes & Co.; ship *Corsica*, 162 days from Liverpool, Dickson, DeWolf & Co.; ship *Free Trade*, 140 days from New York, mdse to Dewett, Clinton & Co.; ship *Benton*, 154 days from Liverpool, mdse to Rodgers, Myer & Co.; schooner *Maggie Johnson*, barkentine *Marama*, Tahiti, fruit and a large number of lumbering vessels.

ARIZONA.

The Indian War.

PRESCOTT, October 12.—Petitions are being circulated through the country at length, which ask the President to allow General Crook to pursue the policy of subjugation of the Indians without interference from the Peace Committee.

THE TERRITORIES.

A vocal and instrumental musical concert in aid of Chicago was given at Olympia last Wednesday night, which netted $160.

The first narrow gauge locomotive on the Pacific coast has been constructed at the Pacific Iron Works, San Francisco, for the Seattle Coal Company.

From the Olympia *Tribune* we learn that the *Standard* of that place has thrown up its position as Democratic organ of Washington Territory and marched boldly into the front rank of the woman suffragists.

Speaking of Miss Anthony's conquests at Puget Sound one of the paper of that section says: Where is the leader of might and mind around whose banner endangered men can rally, and rear defences against the advancing hosts? Pantaloons, to the rescue! Swallowtails, to arms! "Now's the day and now's the hour."

The United States Depository, formerly located at Olympia, has been closed by order of the Secretary of the Treasury, the safe sent to the Assistant Treasurer of the United States at San Francisco, and the accounts transferred to the First National Bank at Portland. The safe was locked up at Olympia by the Treasury Agent and the combination lost. It contains a large sum of money, and will have to be broken open.

Miss Anthony is achieving triumphs at Olympia. The *Transcript* says: The able manner in which she handled her subject before the Legislature was ample warning to members of that body who oppose woman suffrage to be silent. Mrs. Duniway, the able editress of the *New Northwest*, was present and made a few remarks. The speeches were listened to with marked attention, and if they do not accomplish the purpose intended, it will not be for the want of sound logic.

A great tin mine has been discovered in Utah. It is situated about three miles south of Ogden. Samples assayed show 74 per cent. of tin. The mine appears to be a mountain of ore. Very little tin is found in the United States, and the Government has offered $100,000 for the discovery of a tin mine. Tin is worth $600 to $700 a ton. The Utah mine has been bonded to Gov. Woods and some parties of Virginia City, Nevada, for $105,000, part of which has been paid.

The Jacksonville *Times* receives the news of the judicial election in California with "D—n the New Departure."

LAST NIGHT'S DISPATCHES.

[SPECIAL DESPATCHES TO THE OREGONIAN.]

EASTERN STATES.

New York News.

NEW YORK, Oct. 24.—During the race yesterday, the yacht *Resolute* sailed over the course, beating the *Livonia* throughout. Asburton is a note to the Yacht Club, claims a coincidence of the races. The *Livonia* will be posted to-day for the 5th race, and if no yacht is there, will sail 20 miles to sea and back, and will do the same on Wednesday. The committee decides that no more contests shall take place for the Queen's cup. The *Herald* says the *Dauntless* will sail with the *Livonia* to-day.

The Democratic reformers last night deferred further nominations for their ticket till Friday. D. P. Tidman, ex-Mayor, is their candidate for the Assembly in the 8th District. Samuel Belden will be candidate in the 7th District.

The Republican convention last night warned the nominating committee to look out for bad faith on the part of other organizations with which the committee may confer.

German leaders are not acting in the interest of the reform, according to the *Tribune*. That paper says their conduct tends in the direction of Tammany reformers of the 19th. The Assembly District tenders Charles O'Connor the nomination for the Assembly. O'Connor declares his wish to accept, but asks a few days before giving an answer.

At Belleville, N. J., a disturbance occurred on Sunday evening between the Chinese employed in the laundry business in that place and some laborers. The Chinese fired on the assailants. One of the rioting party was arrested. A Chinese boy was dangerously wounded.

Affairs in Chicago.

CHICAGO, Oct. 24.—Chicago papers are bringing strong pressure to bear on local insurance companies, to force them to keep faith with their customers. Many companies, like the Republic, whose stockholders are the wealthiest citizens of the West, are preparing to settle without collecting the balance due on notes of stockholders. The Republic company publishes a card defending its action, and proposing to pay 25 per cent., but the effort to shield stockholders from liabilities is likely to prove fruitless. Suits will be brought against individual stockholders, and they must pay or be put in bankruptcy.

Miscellaneous Dispatches from New York.

NEW YORK, October 24.—The leading dry goods merchants of Chicago meet here in a day or two to consult with dealers here concerning present obligations and future transactions.

At Boston the Republican State Central Committee have issued an address. They speak in high terms of the policy and administration of Grant.

President Grant declines attending the reunion of the Society of the Army of Cumberland at Detroit, on November 16th, in consequence of the pressure of official business.

The Methodist Episcopal clergymen's meeting at the Rock Concert yesterday was addressed by Rev. Mr. Ried of Chicago, who stated that the denomination loosed by fire were $324,000. A committee to raise a loan in New York, to aid in the reconstruction of the property destroyed, was appointed.

A dispatch from Niagara Falls says the woods, six miles above, between La Salle and Fedanda, have been on fire all of yesterday. The woods covered an area of two miles.

Henry Ward Beecher, Dr. John Hall and others have issued an appeal to the Sunday Schools of America for contributions to erect a new mission building in Chicago.

General Telegrams from New York.

NEW YORK, Oct. 22.—The jury acquitted Wm. Rudd, the alleged murderer of his wife, on the ground of insanity.

Rioters in the interest of ex Sheriff O'Brien disturbed the Tammany meeting last night, but were dispersed by the police.

The losses of the suspended North American Insurance Company are estimated at from $600,000 to $700,000; assets $500,000, and it is hoped all losses can be paid.

A special to the *Times*, from Scranton, Pennsylvania, states that Rev. Mr. Develin, attempting to deliver an anti-Catholic lecture on the public streets on Saturday night, was compelled to retire. An attack was made upon him by the crowd yesterday on his attempting to speak again, when he referred to Catholics as thieves, cut-throats and murderers. The box on which he stood was kicked from under him and he fell to the pavement. He was seriously hurt and was withdrawn under the protection of the police. There is much excitement in town.

A long list of missing vouchers is printed, embracing over 3,000 in all, representing in detail immense sums. Ingersoll & Co. appear on the list for a total of $1,900,000, G. S. Miller, for $1,400,000, A. J. Garvey for $2,500,000, Hollister & Co. for $950,000, A. G. Morel for $50,000, and Keyser & Coforath for $700,000, and so on.

Sensational Account of the Chicago Fire.

CHICAGO, October 23.—The *Times* this morning publishes a highly sensational account of the origin of the great fire. It reports to be the confession of a member of the Society of Internationals, who alleges it was their work that set the first fire on DeKoven street. About a dozen confederates assisted him in spreading it. He discloses that this was the third attempt to burn the city; the first being on the 30th September, when the Burlington warehouse burned, and the second on the Saturday night preceding the great fires of Sunday, the account of which he gives in detail.

The writer further says that George Francis Train is a member of the Society. In a lecture in Farwell Hall on the very night of the disaster, he came near betraying them, using the following language: "This is the last public address that will be delivered within those walls. A terrible calamity is impending over Chicago. More I can't, more I dare not utter."

The *Times* says that Train made use of these words, which can be abundantly proven, but declines to offer any opinions as to the authenticity of the story. It will not be believed unless by the most credulous persons. It is certain to all who saw the fire that the perfect hurricane of wind that accompanied it was sufficient to account for its terrible and rapid spread.

The South Carolina Ku Klux.

NEW YORK, Oct. 23.—Advices from Columbia, South Carolina, say no definite intelligence is received concerning the conflict between Ku Klux and troops at Broad river, although it is believed the latter were victorious. Women and children are the heaviest sufferers by martial law. Whole families are fleeing from Spartansburg and Union counties. Citizens are lodged in jail at Yorkville. Private societies are advising citizens to fly to avoid arrest.

Additional from Chicago.

CHICAGO, October 23.—The Chamber of Commerce here decided to rebuild a building superior in every respect to the old one.

The Hartford Fire Insurance Company have directed the erection of their building at once, to be completed in 60 days.

At a meeting of the congregation of the Fourth Presbyterian Church yesterday, it was ascertained that over 800 members had lost homes. Many not rendered homeless also lost.

Two wings of the Court House here been examined, and it is ascertained they are not seriously injured and the work of reconstruction can be commenced at once. The Board of Supervisors have ordered this to be done, and the roof will be put on immediately. Work on the interior will progress during the winter.

Aid for Wisconsin Sufferers.

NEW YORK, October 23.—Subscriptions are opened here for the Wisconsin and Michigan sufferers. One-half of the $50,000 contributed by a number of merchants for the relief of Chicago, has been applied to Wisconsin and Michigan.

Fires in Northern New York.

ROCHESTER, N. Y., Oct. 23.—Extensive fires are prevailing in Monroe, Genessee, Wayne and Seneca counties. The wind is blowing a gale and much anxiety is felt throughout the burning districts. Smoke has obscured the sun to the extent that lights have to be used to-day in this city. Reports are constantly coming in of fires in all directions.

AUBURN, N. Y., October 23.—Three acres of forest known as Chestnut Ridge, burned yesterday. The flames are finally subdued that have been burning several days in marches.

ROCHESTER, October 23.—The city is enveloped in smoke. Reports have arrived of fires in the woods throughout the country. Two farm houses and other buildings in Wayne county were burned. Several houses and hay stacks were burned. It is reported that a man was burned to death. The rumor comes from Albion that the Prussian settlements north of Albion, in Orleans county, burned to-day. The wind subsided this evening. The country is very dry and there is no hopes of the fires being extinguished until the rains commence.

Additional New York Dispatches.

NEW YORK, October 23.—The congregation of Dr. Chapin's church yesterday contributed $12,000 cash and a loan of $15,000 towards re building St. Paul's Universalist church of Chicago.

Miscellaneous Eastern News.

NEW YORK, October 23.—The bark *Neaki* from Glasgow, arrived to-day and reports that on September 4th, in latitude 30°, she picked up a boat containing the second mate and four seamen of the English bark *Lord Lindsay*. They left her in a sinking condition twenty hours previously. The Captain, first mate and nine men refused to leave and probably perished on board.

The steamer *Wisconsin*, from Liverpool, has arrived.

Judge Hilton has addressed a letter to Connolly, stating that the present Park Commission is expending $188,000 less, per year, than the old Board.

Chas. O'Connor said to-day that the work of prosecuting the city defaulters was going on well. Facts given show that many who think they are safe from the storm are likely to be overthrown in spite of their apparent bravery. Many who believe they are perfectly secure will be aroused by finding themselves in the grasp of the law in such a degraded position that neither money nor influence will have the slightest effect in procuring their rescue.

SPRINGFIELD, Mass., Oct. 23.—The Mahonic bank of Great Barrington, was robbed of $18,000 Sunday night by W. Spinnerhohm, who escaped.

ST. LOUIS, Oct. 23.—The National Police Convention adopted a resolution declaring that legal treatment of social evil at St. Louis worked beneficially, and recommending it to the serious consideration of cities of the United States as the model which has, in its practical operations, proved salutary in effects upon society and served to ameliorate the condition of an unfortunate class without prejudice to the morals of the community.

DETROIT, Oct. 23.—A high wind fokindled the fires in the woods on the military reservation at Port Huron. Much anxiety is felt for the safety of the town.

At Ann Harbor, last night, Henry Wagner killed his wife and a four-year old son from jealousy.

NASHVILLE, Oct. 23.—Governor Brown delivered his message to-day. He opposes everything like repudiation of the State debt, which he says she must and will pay. He recommends the

The Daily Oregonian.

WEDNESDAY MORNING, OCT. 25, 1871.

Oregon's Condition and Wants.

The *Bulletin* understands that we have advanced the proposition that the farmers of Oregon can do better than to apply their lands to the cultivation of wheat, and says it devolves on us to state in what particular they can do so. That paper misunderstands us. For we have distinctly stated that we would "not discourage the production of grain, but would call attention to the necessity of developing auxiliary pursuits." Our proposition is that it is poor policy to rely on the production of wheat for export as an exclusive industry, because the market is too uncertain, because the soil will be gradually impoverished thereby, and because an exclusively agricultural community can never be very prosperous. As we have shown in former articles, agriculture is an employment in which we get comparatively little aid from machinery. It is indispensable to progress and prosperity that we diversify our employments so as to bring machinery to our aid in the production of manufactures. Can any one who soberly thinks of the situation suppose it to be a wise policy to devote our whole energies to raising wheat for export, and import every thing else? Practically that is just what we are doing now. And by this course we sustain wagon shops in Wisconsin, furniture makers in Boston, carpet factories at Hartford, stove founders at Troy, dairymen in California, and so on through the entire list of industries, instead of having these industries and the profit thereof among ourselves. Right here is where we differ from our neighbor of the *Bulletin*, who holds that it is "better to raise wheat for export than to raise anything else for any purpose—as a general thing—so long as it will yield the farmer eighty cents or more per bushel." We would not stop the production of wheat, but we are sure there would be more profit for a portion of our capital and labor in the development of manufacturing industry in Oregon than can be obtained from exclusive attention to the culture of wheat for export, with the foreign market so very uncertain. And this course would also give our farmers a wider and better home market.

The uncertainty of the foreign market for wheat is a point which cannot be too much dwelt upon. Oregon has had proof of this often enough. The *Bulletin* computes the average price of wheat in this market for the last four years at ninety-three cents a bushel. This computation includes prices of the present year, which everybody knows is exceptional. And the *Bulletin* thinks us "grossly in error" in saying that for several years prior to this our farmers have not realized more than fifty cents a bushel. We would remind our neighbor that the prices quoted in Portland have not been realized by the farmers of Oregon, as it has cost them from fifteen to thirty cents a bushel to get their grain from their farms to this market.

Our argument is simply an argument for a wider system of industry. At present we are devoting so much attention to wheat that we are even neglecting other agricultural products. In consequence we are importing potatoes from California, and the money we get for a bushel of wheat is expended for a bushel of California potatoes, though it is as easy to raise five bushels of the latter as one bushel of the former. Hay is also very scarce and high; so are oats. We are continually importing butter and cheese from California and almost all sorts of garden vegetables. Even our agriculture should be more diversified. To our mind it is not clear that it is better to devote our whole attention to raising wheat for export than to raise anything else for any purpose. On the contrary it is plain to our thinking that it would be a wiser policy not to neglect oats, potatoes, hay, butter, cheese and garden vegetables, and also that we should make an effort as soon as possible to introduce the multiform manufactures adapted to our condition and circumstances. Of course this policy will not supersede the culture of wheat, but will make the production of wheat in even greater quantities than now a positive necessity, in order to supply an extensive and profitable home market. And by this course we shall obtain a better and more reliable market for our grain than we now enjoy.

Another railroad proposition is about to be submitted to the people of Walla Walla. The organization known as the Walla Walla and Columbia River Railroad Company, will offer to build a narrow gauge road, to be completed by November, 1872, in consideration of a subsidy of $25,000, to be paid in three installments as work on the road progresses; the money to be pledged by subscriptions.

The Democratic organ quits the tariff discussion. Having learned that Jefferson was in favor "protecting duties" and "prohibitions," it has no more to say.

OREGON.

The Jacksonville *Sentinel* calls on settlers to stick to their lands and defy the swindling swamp land act.

The railroad in Marion county has been accepted at $3,500 a mile. There are 34 miles of it in the county.

The tax levy in Jackson county is seventeen and a half mills on the dollar. Number of polls assessed, 990.

The Roseburg *Plaindealer* boasts that the rail road will make Douglas the richest county in the State. Her resources are certainly vast, and only need to be developed.

W. B. Clarke, Esq., has completed his contract for the improvement of Umpqua river, and the work has been accepted by Major Robert of the United States Engineers.

The town trustees of Jacksonville have ordered a special election to be held on the 30th inst., to take a vote of the citizens on the proposition to supply Jacksonville with water, at a cost of about $10,000.

The Marion county assessment, indebtedness off, is $3,075,199, an increase of $438,864 over last year. The whole tax in the county this year, including the four mill tax for building a Court House, is seventeen and a half mills.

The Jacksonville *Times* says that the late Judge Shipley of Jackson county, at the time of his death, had on hand a large amount of school funds. This money is now locked up in the hands of his administrator; and the *Times* complains thereof.

"Where are the city spoons?" This cry is raised by the *Statesman*, which says that some years ago a fund was raised at Salem to buy spoons for use on public occasions, and now the spoons are wanted and cannot be found. The Democratic press will begin to inquire if Ben Butler has been there.

The cotton mills of Moscow and St. Petersburg, which run $6,000,000 spindles, are fed exclusively from the fields of India, Brazil and Egypt. Strange to say, that although Russia imported in a year 38,000,000 roubles worth of raw cotton, none of it comes from the United States.

Another attempt at getting up an incendiary fire was made on Front street, near Washington, this morning. The attempt was discovered in season to extinguish the fire without an alarm or before serious damage was done.

George Q. Cannon, the Mormon elder, is in San Francisco getting counsel in the polygamy cases. He appears downcast at the prospect ahead, but says that in case the persecution continues successful the Mormons will do as they did in Illinois—destroy everything and start out for a new promised land.

SAN FRANCISCO, Oct. 24.—Bill Russell, one of the escaped carson convicts, sentenced to six years for highway robbery in Story county, was arrested on Vallejo street wharf this evening by officer Behen as he was hunting for a vessel on which to ship for a foreign port. He owns up to his identity.

INTERIOR CALIFORNIA DISPATCHES.

War with Chinese.

LOS ANGELES, Oct. 24.—Officer Belderain attempted to arrest a Chinaman for shooting another last night, and was resisted. This officer called Robert Thompson to assist him. The Chinese commenced firing on both sides the street. Thompson was shot through the breast and Belderain through the shoulder. He jumped on a horse and escaped. A Spanish boy was shot through the leg. Thompson is dead. He was quite an inoffensive citizen. The excitement is intense. Citizens are arming. Chinese queries are in a state of siege. Already a hundred men are armed with Henry rifles and shot guns. One Chinaman just captured and hung by citizens. Firing at intervals and regular volleys are heard—firing into China houses at random and from house to house. Two Chinamen killed. The Sheriff and civil authorities have given up trying to restrain the mob. The Chinese are well armed and more bloodshed will probably flow.

Later—9:15 P. M.—Eight Chinamen have been hung, and nine more will be hung as soon as ropes can be provided. The excitement is intense and riot impending.

Still later—9:30 P. M.—Fifteen Chinamen have been hung, and the authorities have succeeded in preventing further violence. Another Chinaman has been captured and put in jail. The crowd is dispersing.

YREKA, October 24.—A fire occurred at Megginsville, Scott Valley, yesterday morning, about 2 o'clock, destroying a large barn belonging to D. W. Jones & Son, together with seven horses and a large amount of hay and grain. The loss is between $3,000 and $4,000. The fire is supposed to be the work of an incendiary.

The weather is clear and cold.

REMARKABLE CURE OF THE DEPUTY JAILER OF MULTNOMAH COUNTY JAIL.

"The work goes bravely on." Case No. 5,240—Second series.

CITY JAIL, PORTLAND, Oregon, June 7, 1871.

A. M. LOZIER & Co.: I was attacked with a severe case of rheumatism. It was in my thighs, hips, fingers, shoulder blade—indeed in all the joints of my body. I suffered great pain and anguish. I was attended by a regular physician, but with no effect. I was induced to try your Oak Weed Remedy, and it immediately cured me up. I consider it, from my experience, the best remedy for rheumatism known.

TO HOUSE BUILDERS & PAINTERS

"AVERILL CHEMICAL PAINTS."

THESE PAINTS ARE SO WELL KNOWN throughout the Atlantic States and their reputation so abundantly established for

Beauty, Permanence and Economy

That we can confidently recommend and guarantee an entire satisfaction in their use.

THEIR COST is less than pure leads, and covers one-fifth more surface, making them the most economical Paints in the market.

THEIR DURABILITY is unquestioned. They dry hard with a smooth and glossy surface and will not chalk, crack or peel off.

THEIR ADAPTABILITY.—They are already mixed and ready for use and require no oil, turpentine or dryers. Are sold of any desired shade, by the gallon only.

Testimonials:

Gen. James S. Negley, M. C., Pittsburg, Pa., writes Nov. 10, '70: I have no hesitation in recommending the "Averill Chemical Paints" to those who regard economy and durability. It weathers our smoky atmosphere better than any Paints I have tested. The colors are rich and variable. Altogether I find them the CHEAPEST AND BEST."

"JACKSONVILLE, FLORIDA CUSTOM HOUSE.—It looks as fresh and glossy as when first applied. I do not believe any PAINT AND OIL CAN EQUAL IT.

"WM. P. DOCKRAY."

I have carefully compared the cost and merits of the Averill Paints with White Lead and Oil and find 90 cents per gallon in favor of the former.

CITY.

BIG BOOTS.—We met, yesterday, Capt. Cahalin and Mr. Howe, his bootmaker, engaged in lugging off a pair of boots that might have been a loose fit for the big oldest of the Brobdignags. They called the boots No. 14, only because the scale don't run any further up the column of big figures; if the scale were long enough, they would have been numbered 29 or over. They were nearly 13 inches long, and across the ball of the foot over five and a quarter inches—average width, from heel to toe, not less than three and a half inches. Think of one fat foot coming down and eclipsing over forty-five square inches of American territory. Had the old woman who lived in a shoe and had so many children she didn't know what to do, lived in one of these boots her troubles might have been immensely multiplied; because she might any day have lost half of her brood in her own house. "It was lucky for her and the brats that they lived and died before these boots were built. We have no account of the date of "breaking ground" on those boots, but as neither Capt. Cahalin nor Mr. Howe are very ancient and as they constructed them, we may reasonably conclude that they were begun within the present century—a case of business despatch. Strange as it may seem, they were built for actual wear by a living man, as Capt. Cahalin and Mr. Howe, on the honor of bootmakers, assured us.

PASSENGERS FOR PORTLAND.—The following is the passenger list per steamship *John L. Stephens*, bound for this port from San Francisco: T B Morris and wife, E Garland, U S N, J Long, C Balch, G Dobbin, J Bremer, Max Block, D M Williams, W T Shanahan, Dr J B Commingswerth, O F Bush and wife, Mrs Wash, N King, M Harris, S K Crosby, E Townsend, C Carrier, C Christiansen, G T Bolter, W H Bennett and son, T Kelly, G A Dobinson, J A Beck, J D Debois, E D Towl, W F Whittier, A F Foster and wife, Miss M McLane, Mrs Leonard, M Camp, C C Walden, C A Kinkead, R S Gage, E A Hawley, G W Fairhurst, G W Wells, T Alexander, S Atkinson, E C Atkinson, W B Fason, A Spence, Rev J M Lovell and wife, C L Pick, Miss K Nolen, Mrs Spence and 3 children, Mrs A L Schaeffer and child, C H Haynes and family, Mrs R Ash and 2 children, Mrs L Wilbur, Mrs B Harrington and child, A J Goodman, Mrs A Shindler, J M Barton and family, J M Elkins and wife, E E Howe and family, J Firman, Wm Bond, H S Pease and son, B F Stewart, G Erpelding, O Chapman, J C Thomas, C Rice, D Phelps, L Ward and family, Mrs W Bond and 2 daughters, Mrs H G Pease and daughter, Miss M Adler, Miss E Cannon, Mrs M Jackson, Mrs A Jackson and child, S Jones and family, O Whitelaw, P Morgan and family, Mrs M K Keith and 4 children.

THE HILLSBORO FAIR.—Quite extensive preparations have been made to make the Washington county fair superior to any former one, and such it would have been, had not the rain set in, unfortunately the day before the opening. As it is, there will be, probably, not much of a fair, outside of the races. Should the weather be no more unfavorable than on yesterday, the races will be, most of them, run as originally intended, but the rest of the show will, unquestionably fall very far below what it would have been with fair weather. Agricultural exhibitions don't go off worth a cent in the rain. A large number of persons that we know of in the city who would have visited Hillsboro, had the weather been good, have given it up altogether. We regret this misfortune of our Washington county neighbors, but after all, we derive some consolation from the fact that the rain, if it will only continue to pour, will prove of far greater value to the agricultural interests of the valley than the fair could have been under the most favorable circumstances, inasmuch as it will enable the farmers to plow and sow for the next harvest.

LEG CRUSHED BY MACHINERY.—A man whose name we did not learn, employed at the railroad company's mill No. 4, near Milwaukie, was brought down the road yesterday forenoon with a leg horribly crushed by the machinery of the mill. He was engaged in oiling some part of the gearing when he slipped and fell, one of his legs passed between a couple of cog-wheels which crushed the flesh and bones of the leg from just below the knee to the foot. He was placed in the company's hospital, near the depot, and surgical aid was given him. It was thought quite impossible that the foot and crushed part of the leg could be saved.

THE POLICE COURT BUILDING.—On Monday the Council's Committee on Streets and Public Property, opened the bids for furnishing material and erecting the building to be used as a Police Court house, jail, etc. The lowest bidder was Mr. A. A. Williamson, and the contract was let to him at $10,375. The job is to be commenced as soon as the proper papers shall be signed and approved, and is to be hurried for early completion as soon as practicable. It is intended to get the walls up, the roof on and to finish the jail story for use this winter. The above contract price does not include the iron cells for the jail.

STAGE ROUTE TRANSFERRED.—The stages, stock, etc., of the stage route between Monticello and Olympia, were transferred yesterday by Mr. E. Corbett to Mr. George Coggan, formerly one of the joint owners of the route before it was sold to Mr. Corbett. The agreement for this sale was made some days since, but it was not fully consummated till yesterday. Mr. Coggan expresses his determination to keep the road up to its present improved condition, through the winter, or as near it as the season will allow.

TURN VEREIN BALL.—Our dancing reporter went to the Turn Verein ball Monday evening, and he like the affair so well that he didn't get back that night with any report of it. There was enough of him left, yesterday, to pronounce it a very enjoyable party, and for the first effort of the society, creditable to the management. The receipts over and above expenses will give the society a handsome lift.

MATRIMONIAL.—We have seen a card of invitation to the marriage of Thomas B. Morris, Chief Engineer N. P. R. R., Western Division, to Miss Sallie Slater, of Easton, Pa., October 3d. No doubt the auspicious event was consummated at the time and place aforesaid. Mr. Morris and his bride are on the incoming steamer.

SOCIABLE.—The ladies of the Unitarian Society will have a Sociable at their church this evening, for the benefit of the Wisconsin and Michigan sufferers. They will have for sale a variety of useful and fancy articles, ice cream, oysters and other refreshments. Admission twenty-five cents.

PROBABLY INSANE.—Judge Denny, yesterday, sent a man named Wm. Smith before the county authorities to be examined as to his sanity. He had been arrested the evening before under the impression that he was drunk, but he subsequently gave evidences of a diseased mind.

PORTLAND LIBRARY.—Volumes 4, 5 and 6 of the *Overland Monthly* for 1870 and 1871, and a Digest of fact relating to the treatment of Sewage, by W. H. Corfield, M. A. M. B., have just been added to the Portland Library.

ANOTHER LODGE DONATION.—Vancouver Lodge No. 3, of Washington Territory I. O. O. F., has remitted through the First National Bank of this city, $100, in aid of the distressed Odd Fellows of Chicago.

TELEGRAPHIC MESSAGE.—There is a message in the Western Union telegraph office for E. Cartie, uncalled for.

The arrest of the Rustlers mentioned elsewhere has caused a flutter among the thieves. If they would only flutter entirely away!

ANOTHER STRAP-GAME VICTIM.

A COUNTRYMAN FLEECED OF $1,000—THE "RUSTLERS" DRUG THEIR VICTIM AND START HIM BY RAIL FOR HOME—HE RETURNS NEXT DAY—ALARM AND FLIGHT OF THE "RUSTLERS"—THEY ARE FOLLOWED, ARRESTED AND BROUGHT BACK.

One day last week a man named Andrew Houck, with his partner, from Marion county, about nine miles beyond Salem, came to this city with a lot of hops. They disposed of their crop, and on Saturday they drew their money from the bank with the intention of going to Salem on the afternoon train. Shortly afterward, however, Houck, who had something over $1,000, fell in with three men of the genus "Rustler" who induced him to try the strap game. As near as can be made out from Houck's story and all the attending circumstances, he was drugged with some sort of vapor—probably chloroform—while the fleecing process had as yet proceeded but a little way, and thus rendered incapable of resisting the taking ways of his new-found acquaintances. He avers that he did not drink anything at all—does not drink or smoke. He was, however, unquestionably drugged, as when he was soon away by the rogues he was stupid and nearly insensible, and he slept heavily all the way to Salem and all the succeeding night, and was not in a fit state to make complaint before late on Monday.

HOW THE RUSTLERS PLAYED IT.

A small part of the money was obtained from Houck while standing on the sidewalk, on Third street, two of the rustlers playing the game while the other kept watch a little distance away. Afterward they went into a hall or alley-way near the corner of Fourth and Yamhill streets. It was here that Houck was drugged, probably. A small india-rubber globe took with a nozzle about an inch long was found on the person of one of the rustlers after their arrest. This was evidently made to inject chloroform or ether through keyholes, or it might be used on the street or elsewhere, concealed in the hand, to dose a victim. It is supposed that this or some similar appliance was used upon Houck. Whether they got all his money by playing the strap game, or by direct robbery after Houck had become too much stupefied to know what he or they were about, is not precisely known.

THEY CONCLUDE TO SEND HIM HOME.

After getting all the money Houck had, they got him to the depot and sent him off on the afternoon train, one of them going as far as Milwaukie to see that everything worked well. There he left the train, crossed the river and came back to the city. Houck was taken off the train at Salem by his partner, who, it seems, went up on the same train, but he was still deeply under the influence of the stupefying vapor he had inhaled, and so remained all night.

HOW HE COMES BACK TO THE CITY.

The next day, Sunday, the victim returned to this city, having partially recovered from his stupor, and informed the police of what had happened. He was not, however, able till next day to give such intelligible information as would lead to the identity of the men.

ALARM AND FLIGHT OF THE RUSTLERS.

Meantime, to keep Houck out of sight as much as possible, Chief Lappeus sent him to a hotel up town. It happened, however to be the very house where the rustlers were stopping. Seeing him here, they knew at once there was trouble brewing, and that it would be the safer plan to emigrate. Sunday night they dropped out of Portland society, by crossing the river and going overland, on foot to Vancouver. Houck had, however, seen them also, and recognized all three of them, and was able to give the police the clue they wanted.

THE OFFICERS TAKE A TRIP, ALSO.

Yesterday morning officers McCoy and Kelly, under instructions from the Chief, went on board the Cascades steamer and took state rooms from which they could observe the landings as they went along. As they expected, the Rustlers came on board at Vancouver, with a view, doubtless, of getting off to the mines or across the country to the Eastern States.

THE RUSTLERS SURPRISED AT BREAKFAST.

The officers waited till the passengers, including the Rustlers, had sat down to breakfast, when they suddenly popped out and pistoned upon the two who sat nearest. The other jumped up declaring he would not be taken alive, and made a movement to get his hand upon his revolver, a large six shooter. Officer Kelly was, however, too quick for him and had him instantly covered with his pistol, with a warning not to attempt any foolishness. The Rustler at this, came down and, like the others, was handcuffed and disarmed. The presentation of Kelly's pistol had the effect to create a general stampede of passengers from the cabin, almost equal in its dramatic effects to the late panic at the Skating Rink.

WHO THEY ARE.

Last evening, the officers returned with their charges. They are Harry Keithly, one of the parties who were arrested and tried some months ago for swindling with the ten dice game; Ned Percy and Ned Tebbits alias Wm. Nowhall. The latter is a comparative stranger here; the other two are well known. There is other evidence beside Houck's as to the fact that these are the parties who robbed Houck of his money. They were lodged in the county jail for safe keeping till a preliminary examination can be had.

A PART OF THE MONEY RECOVERED.

The officers upon making the arrest, found upon the person of Newhall a bag of twenties and other coin to the amount of $791. This, Newhall claimed to be his own money, but there is probably no doubt that it is the same of which Houck was robbed.

All three of them were fixed with revolvers, and on the person of one was found the little india-rubber affair before mentioned, one or two other "tools" doubtless for some nefarious use, and a couple of "shysters" twenty dollar pieces.

PERSONAL.

The humorous Plummer leaves to-day for Corvallis, Eugene and other towns up the valley.

W. B. Norman, who used to keep the toy and variety store on the corner of Washington and First streets, went to Calaveras county, California, where the people have lately elected him County Judge. He did well by emigrating.

The Means of Escape.

The fall has many perils for the weak and feeble, and its sudden atmospheric changes are trying to the constitutions of even the robust. The chilling temperature of the nights, as compared with the almost summer warmth of the day, necessarily exercises an unhealthy influence on all who are exposed to it. Hence, dysentery, diarrhœa, intermittent fevers, bilious attacks, and derangements of all the secretions, are common at this season. The true way to escape them is to meet the causes with a protective and invigorating medicine. Hostetter's Stomach Bitters are designed for this exigency. This powerful vegetable specific relieves the system of all acrid humors, purifies the fluids, tones the secretive organs, promotes healthy evaporation through the pores, increases the activity of the digestive functions, cheers the spirits, and regulates the bowels. To do this is to make the whole body vigorous, and render it proof against the vicissitudes of temperature, and against malaria. A course of the great tonic and alterative is therefore in all cases advisable as a preventive at this season. If, on the other hand, the mischief is already done, and intermittent or remittent fever is actually present, or the liver, bowels, or stomach disordered, there is no medicine so certain to effect a quick and thorough cure as this harmless and agreeable preparation.

NEW YORK

LIFE INSURANCE COMPANY!

PURELY MUTUAL!

ASSETS $17,000,000!

ISSUED 9,025 POLICIES IN 1870.

Insuring Over $27,000,000!

WM. H. BEERS, Vice President and Actuary. MORRIS FRANKLIN, President.

AMONG THE ADVANTAGES OFFERED BY THE NEW YORK LIFE INSURANCE COMPANY are:—

1st. PURE MUTUALITY, so that the *entire surplus earnings* over the actual cost of insurance is returned to the policy holders who are the only members.

2d. AGE, having been organized in 1845. It has the benefit of the experience of a quarter of a century, and members are thus guaranteed from all doubtful *experiment* in the method of conducting its business.

3d. STABILITY AND PERPETUITY shown by the accumulation of a capital of *Seventeen Millions of Dollars*, after paying all losses promptly, and returning large dividends to its members. It has now an income of over *Seven Millions of Dollars*, and the interest on its investments, with premium on gold, &c., has been sufficient during the past two years to pay accruing losses.

4th. NON-FORFEITURE OF POLICIES. It *originated* the system of non-forfeiture of policies, and to it the public are indebted for a feature so favorable to the insured.

5th. SUICIDE does not cause a forfeiture of the policy, that being considered an evidence of insanity, and insanity the result of disease.

6th. DIVIDENDS. Its dividends are declared annually, and are available *immediately as cash in payment of premiums*. Many companies declare their premiums annually, but do not pay them till several years thereafter; others defer their declarations for two, three or four years from the time the policy commences. In this Company a party always has a dividend which can be used in the payment of the *second and all subsequent annual premiums*.

7th. ITS DIVIDEND SYSTEM is the "Contribution Plan," by which each member is charged with the exact cost of his insurance, and receives back his surplus payments. These dividends can remain with the Company, participating in its earnings, and be used at any subsequent period in the payment of premiums.

8th. LIBERALITY IN SETTLEMENT OF LOSSES. Experience has shown that cases arise where policies, although EQUITABLE claims, are not LEGALLY so. The records of this Company bear many acknowledgements from widows and relatives of deceased members of its liberality and fairness in settlement of all such losses. There being no stockholders in the Company to share its profits, interests adverse to policy-holders cannot possibly arise, the Trustees simply occupying the position of arbitrators between the members, with no inducement to take from one and give to another.

WHOLE NUMBER OF POLICIES ISSUED TO DATE, NEARLY	100,000.
NUMBER OF POLICIES ISSUED IN 1870	11,217.

THE ÆTNA RANKS AS ONE OF THE FIRST COMPANIES IN THE LAND!

IN INCOME, IN ASSETS, IN NUMBER OF POLICIES, IN AMOUNT INSURED, IN SOLIDITY AND STRENGTH, IN SOUNDNESS, CHEAPNESS, PROMPTNESS AND SUCCESS.

THE AMOUNT OF DIVIDEND A COMPANY CAN PAY ITS INSURED DEPENDS UPON THE RATES charged for insurance, the AMOUNT of business done, the EXPENSE of doing it, the INTEREST on its investments, the CARE exercised in the selection of its risks, and the TIME when such dividends are paid. In regard to these, as also all other points, the ÆTNA is unsurpassed in advantages by any other Insurance Company in the United States.

The *New York Insurance Monitor* says of the Ætna:—"No Life Insurance Company ever achieved so complete a success as this popular institution. Its popularity is altogether unprecedented in the annals of commercial enterprise in this country."

The *New York Independent* says of the Ætna Life:—"It is to-day one of the *soundest* and most reliable Insurance Companies in the United States—every dollar of its assets well secured, more than providing for all liabilities; and it eminently deserves a still greater patronage and the unhesitating confidence of the public."

THURSDAY EVENING, Oct. 24, 1871.

Gold in New York, 112⅝.
Currency, buying, 87½; selling, 88½.
Money is reported easier in New York.

A large fleet of merchantmen, as reported by telegraph, have arrived in San Francisco.

The steamer Montana will leave on Friday.

The *Almatia*, from San Francisco, is said to be due.

The bark *Alice Graham*, from Newport, Wales, with railroad iron for the Oregon Central Railroad Company, was in Baker's Bay yesterday, but owing to the heavy winds could not be towed out. She will be towed up on Friday.

The freight cars are unable to meet the demand for Wheat in the interior offering for this market. The down cars are well filled with assorted merchandise for merchants on the line of the railroad.

The Dalles steamer is carrying heavy freights, both up and down. The steamers plying down the Columbia are taking large supplies of assorted merchandise. The Willamette Transportation Company's boats are running full coming down, and are carrying forward heavy supplies to interior merchants on the Willamette and its tributaries.

The general opinion prevails that less Hog product will be put up this season in this State than for the two or three years past. This opinion is based upon the belief that Grain being higher farmers will not feed so largely as formerly, and that upon the whole fewer fat Hogs will be marketed. It is difficult to obtain reliable information, but from what we can learn from packers in this city, we are led to the opinion that fully an average will be put up, consequent upon the general impression prevailing that our Hog product will find a better market next winter, in which opinion, formed from reading the leading Eastern exchanges, we join. Throughout the Western States high prices prevail for Grain, causing it to be marketed with great rapidity. Hogs are being brought forward in increased numbers over last year, at nearly every point where packing is carried on to any great extent, and notwithstanding the large number put up the market is kept comparatively bare, owing to the large export demand. The following table gives the exports from New York from November 1st to Oct. 3d, inclusive, for two years:

	1870-71.	1869-70.	Increase.
Pork	148,207	145,907	61,163
Beef	133,042	68,874	64,168
Lard	86,847,648	26,180,050	60,681,598
Bacon	65,193,557	27,879,679	37,312,878
Butter	6,018,118	1,213,703	4,804,415
Cheese	68,067,760	51,540,258	16,277,034
Tallow	20,618,021	20,019,998	9,598,023

In California the drouths for the past two years will in all probability be greatly felt in the supply of Hogs, and prices will rule high after the first crop is sent to the market. In this State we have been informed of many heavy purchases made, and owing to the demand prices are strengthening. Mr. J. S. Keller informs us that he has already put up 500 head, and has contracted 2,500 more, with other lots under negotiation, all of which he intends cutting up and curing. The prices now offered are from 4 to 5 cents gross per head, and for dressed from 7 to 8½ cents gross.

We clip the following from the California *Farmer*:

Whatever may be said of short crops abroad or the loss of 100,000,000 bushels by the Chicago fires, Liverpool gives considerably less than 1,000,000 bushels), or by loss in the fires raging now in Michigan and Indiana, those all do not seem to advance the price of our Wheat here or give us a quick market, and we do not think we can harvest such sale until Wheat declines to price, because *our market is now the very highest* in the country, with no prospect of export, even while we have about three *millions* leaving our ports in bottoms that would take freight at lower rates, but holders are not disposed to sell, as the Grain is now in warehouse, "they take their chances."

Exporters are considered shrewd and close business men, who are governed by the most reliable information to be obtained from the demand markets, and if the future held out inducements for a higher market in the United Kingdom, France and Germany, they would not be slow to embrace the opportunity and make heavy engagements, even at prices above those ruling in other supply markets. It is a well established fact that when crops are short in England, they have a faculty of making it appear worse than it really is, or else giving such conflicting accounts as to leave shippers in doubt. The consequence has been that prices have commenced receding in the month of February or February. By referring to the files of the CHRONICLE in the issues of Sept. 6th and 9th, can be found tabular statements of the highest market prices in Liverpool for each month of the year for 11 years past, which will bear us out in the above statement, with the single exception of 1868, when the prices began falling in April. In that year prices were highest than they were at any time during the eleven years, reaching in the month of Oct. the 6d and receding at that figure, excepting the month of February, when it advanced 3d, until April, when it began receding. As heretofore stated by us we do not think prices will recede much if any during the next year, but we do not think that prices can advance any in the demand markets owing to the too abundant Root crop, which will be used to a greater extent than formerly as an article of food by the poor and middle class of all countries where the supply is so short as to cause such high prices as are now ruling in Europe and Wheat. In this morning's issue we publish a table of exports, by referring to which it can readily be seen that the stock of Wheat in California is being held back with the expectation of a drouth and prices still higher. If the rainy season should set in earlier in California, then the fear of a drouth would be dispelled and holders will probably throw their Wheat on the market at lower rates than now ruling, and in all probability, for the lack of storage to take all offering, prices will drop lower than Chicago in, Liverpool would justify and of course our market is affected by the California market.

Merchandise Report.

WHEAT.—A private despatch was received to-day containing one received on Friday, giving Liverpool quotations at 12s 1d, a decline. Market is inanimate in the absence of any offerings. One of our largest shippers is out of the market owing to the lack of shipping. The *Sperkling Dew* put into Rio Janeiro and the cargo waiting her arrival will have to be disposed of in another way. The *Alice Graham* is many days over due and is waiting for a freight. Buyers are still offering as high as $1 40 per cental, sacked, for straight lots of extra buy for immediate delivery.

Since writing the above the *Alice Graham* is reported arrived.

FLOUR.—Market presents no new feature. Quotations of standard brands $7 50 ₱ bbl for extra and $6 50@7 for superfine.

OATS.—Show a market a shade firmer for heavy. We quote range of the market at $2 45@2 55 per cental, sacked.

HAY.—Market is very dull and easier with no changes in prices. We quote Timothy baled, $25@28 per ton; other kinds $15@20 per ton, baled.

PROVISIONS.—Receipts are fresh, with no changes to note as the demand is active. We quote market in jobbing lots for Bacon, 14½@15c; Hams, 16@17c; Shoulders, 11@12c; Lard, in tins, 15@16c in kegs, 13@14. Messrs. D. Zeile & Co. have a superior article of Lard in tins which they offer at 15c.

BUTTER.—Receipts are fair and prices well sustained at the following quotations for choice in jobbing lots: In bricks, 50@52½c; firkins, 47½@50c; rolls, 55@60c; Eastern in firkins, 35c.

COFFEE.—The San Francisco *Bulletin* of Oct. 18th says: There is a growing conviction that the Brazil crop will be light. In New York, on the 5th inst., there was quite a firm feeling in Rio, with considerable activity, the market closing at 18@18½c gold in bond. At the close of last week a telegraphic order was received here from St. Louis for 5,000 bags Central America and Costa Rica. This was immediately followed by others from the same city, until the quantity called for reached 5,000 bags. In the meantime brokers began to fill the orders as fast as possible, and in 24 hours 1,000 bags had been purchased, the advance being 1c. Importers, in self defence, raised the price gradually from 16½c to 18c. However the brokers succeeded in getting 4,000 bags, which has been shipped. Other kinds have sympathized in the rise. Later dates by telegraph gave no market in San Francisco at 20c.

The Greatest Discovery ever made by Man on this Earth.

RENNICK'S

Wahoo Bitters!

NEVER KNOWN TO FAIL IN CURING

Rheumatism, Neuralgia, Dyspepsia,

and all Affections of the

Stomach, Liver and Kidneys.

IT HAS CURED CASES WHERE THOUSANDS OF dollars had been expended to no purpose but filling the system with mercury, by practical or educated quacks.

Wahoo (*Eucalyptus Alloputrinus*) a small shrub growing in many parts of the United States. The bark of the root is a bitter tonic, laxative, atriciative, diuretic, and expectorant, and is advantageously used in pulmonary affections, dropsy, constipation, torpidity of the liver, dyspepsia and intermittent fevers.

Read the Certificate of Mr. Thompson, of the Workingman's Boarding House, Front street, Portland:

PORTLAND, October, 4th, 1871.

I hereby certify that I am acquainted with the properties of the Wahoo Bitters, put up by R. J. Rennick. It is one of the best remedies for the Stomach and Blood in the world. In fact it will cure Dyspepsia, Chronic Liver complaint, Chills and Fever, and has the advantage of not being intoxicating.

J. N. CUNNINGHAM, M. D.

This is to certify that I have used the celebrated Wahoo Bitters, and have known several other men in my house who were prostrated with ague and rheumatism, whom it has effectually cured. It acts on the liver and kidneys, surpassing anything I ever used.

J. R. THOMPSON, of Thompson House.

PORTLAND, Oregon, Sept. 12, 1871.

This is to certify that I have been sick with chills and fever for the last fourteen days, and have tried a great many remedies, and found them all to be humbugs, and was about to give up everything in despair. Mr. Rennicks heard about my case, and gave me a bottle of his Wahoo Bitters and I was relieved, as if by magic from the hand of God.

A. KOLB,
Philadelphia Brewery, Portland, Oregon.

MCMINNVILLE, Sept. 27, 1871.

This is to certify that I have used Rennick's Wahoo Bitters for a good while, having been acquainted with the Wahoo bark for over thirty years, and when aided by other barks, known only to the, proprietor, it surpasses any medicine ever used for Ague, Chills, Fever and all affections of the Liver, Kidneys and Bladder. I have no hesitation in recommending it to the public. I am going on a visit to Illinois and take some with me.

E. J. WRIGHT.

ELLIS STATION, W. P. R. R., Sept. 3d.

I give this of my own free will for the benefit of suffering people: I am fifty-eight years of age, born in Dilley, Oxfordshire, England, and a miner; suffered from rheumatism for years; have traveled with crutch and cane for the last two years, but I thank my God that Wahoo Bitters has made me a well man. No humbug about this. Experience has proved that Wahoo Bitters is king of all diseases. I recommend any person any way affected to try them.

OLD ARCHY BURTON
Corral Hollow, W. P. R. R., Cal.

October 3d.

This is to certify that I have used Rennick's Wahoo Bitters, and can with confidence recommend it to all suffering from indigestion and all affections of the liver and kidneys.

JOHN STURGIS,
Front street, near sawmill.

PORTLAND, October 1st.

This is to certify that I have been affected for twenty years, and the more doctors' medicines I took, I became worse when the effects of the medicine was over. I had a dreadful pain in my side. The doctors call it was my liver, but, thank God, one bottle of the Wahoo Bitters made a change, and I believe it will make a perfect cure.

MRS. SALLY J. L——

All orders directed through the Postoffice will be at once attended to. The Bitters will be carefully packed and delivered on any boat, properly.
